Subject: RE: 90 Day S. Weber TAG Extension

Hi Libby,

Done! And just as an FYI- Brent called a little while ago with a few questions regarding extending the contract with the Technical Advisor, as well as some other questions about what the 90 day extension means for them in terms of the work plan, etc. I directed him to Sisay to help answer these programmatic questions.

Thanks,

Lindsay Seeger

Hi Lindsay,

Per our conversation earlier today let's move forward, thanks! Libby

Hi Libby,

Did you received final word about the email? Wondering if I should go ahead and send it. And should I cc you on it? Or just Cis?

Thanks,

Lindsay

Hi Libby,

See below for your edits and the part from the grant's office. I also spoke with the grants team and they said no need to renew the grant terms and conditions.

The time extension should be finalized today, so I can send out the email and attached Amendment to Brent as soon as we get the ok.

Hi There,

I did make some changes to the generic email that I shared with Martin and Sandy. I'm not sure they'll chime in I think they'll just be happy if we get the extension in place. Lindsay,

please add to it what you need to cover for grants and then will you be sending it out? If so, when will it go out. I told them below COB today but that was more to have them pay attention if they had concerns.

Thanks, Libby

Subject: 90 Day S. Weber TAG Extension

Hi Martin and Sandy,

The bellow email will go out to the S. Weber TAG Coalition COB tomorrow from the Grants office. There is paperwork they have to include as part of the extension. I will then work on setting up the briefings. The TAG expires officially in the 30th so we are sending this just under the wire.

Thanks, Libby
